'morning evry1\*\*\* (oups sorry i'll make it possible to understand for chronojam) Good morning everyone!! lol... my my... im really gonna use a translator now..

ho viper... thx for the song but... i already played xenogears for hours... (one of the best rpg)

my language...

u always... always... using that as an excuse... whatever. i know that even if it was hard for u, u can understand me. and that's u'r problem.

chronojam... i just think u forget the main reason that bring us on this forum... u always... always... change subject.. or talk about my language...

saying that it's not because im a french that i can use something like "u" instead of "you". But i can also see that u were fuckin smart enough to understand that... so what's the problem with the rest...(maybe cause im frenchy=)... whatever i won't be so low to talk about u'r original country...

one thing is sure... i won't take time to use a translator to ask u question in proper english, that u'r not even answering

...

viper i think u ridiculize u'r self more than me and my english, by taking back my post and say things that evryone would agree on...(like girls and boy equals.. blablabla) if evryone can't understand me... WHY is this topic so long lol...and why u using my own words to try making u'r post... chronojam skeep my questions over and over...

"you have absolutely no place making up your own freeform abbreviations and contractions. Especially when you don't need a contraction in the first place"

..... How about... fuck u? u always say tha same thing m8.("M8")isn't too hard for u to understand?

"This topic has become nothing more than a ridiculous(and seemingly personal?) volley of flames on random other topics. That's simply unacceptable. Of course, I'm sure a lot of you know this and/or don't care, but eh" someone said that...

the main answer is: who's fault? who started it? see the first post that chronojam did on me...on reborn forum....

my english suck so what.. i'll have to wait next year i know a better english? u'r problem is that even with my pitifull english, u fuckin shut u'r mouth before me( except when u talking about my

language), and got nothing to do but to ask u'r girl and u'r friends for help on the forum. (and that's sooooooooo true)

if my english is so bad well... maybe that's cause i'm learning japanese since 2 years right now and that i don't have time to study english anymore(i know english is an important language by the way)...(being french wasn't an excuse so...)

well c ya. (Well, see you)

PS:ChronoJam, i just hope i'm not the only one that see how much u ridicule u'r self.

PPS:i really think that the only thing that is gonna( going to) settle this problem is : "the hard way"
