Subject: Can this pistol please be approved by RG? Zip inside Posted by EA-DamageEverything on Sun, 18 Sep 2005 13:58:03 GMT View Forum Message <> Reply to Message

Here it is, RG disconnects me after a bit. But it looks nice and is coming with the Boom-Sound for firing.

I also have a skin for the 500 snip and the Colt pistol skin, they are approved. So please submit this skin in the database too. THX.

EDIT= Screener is included in the ZIP.
