ok guys, well not many of you know but the date today is the 28th of april, and on the 3rd of may im moving back to england to be with my family.

now when i move i won't be able to do as much 3d modeling, infact i will be doing hardly any due to me having to much to do.

now as im moving half way across the world (from Australia to England) im leaving work.

But as soon as i get back to the UK i will be looking for a job. now im not sure what im going to be doing, but i know for sure i won't be able to be online while i work, of i can be online, i won't be able to do anything BUT work.

now i (not for sure) will be only in the UK for about 4 weeks (like i said not for sure) and then coming back to Australia.

so, this is just a pre warning that you will not see alot of my work for a while.

also if i do decide to stay in UK i will be setting up a few servers! (woo hoo) Dedicated FPS servers (woo hoo again)

ok, thats all for me!

buh bye!
