all this about w3d is making me confussed....first where would i make it?

i download this file and when i open it and the map (hourlgass)
loads i just added my thing and saved it...where would i found this w3d?

so just what files do i add?

when i check the assest report i get:

Load-on-demand and missing assets report

Category: LOAD_ON_DEMAND_ROBJ

Category: LOAD_ON_DEMAND_HANIM

Category: LOAD_ON_DEMAND_HTREE

Category: MISSING_ROBJ

Category: MISSING_HANIM

Category: MISSING_HTREE
