Renx wrote on Mon, 28 November 2005 22:26To be honest I'd prefer the NDP over the conservatives...

Stephen Harper is lamer.

I personally support the Neo Democrats on the Federal scene, but saddly most of their representatives are lamers that don't stand a chance between the ones of the two (correction: three here) major parties... For instance: their candidate in our district is unknown to the vast majority of the regional public, and she plans to turn this place into some sort of national park... Well, at least it seems.
