StoneRookI play Generals -

and i play Renegade....

both are fun games in my opinion.

Which is what i play for - fun

I also play over twenty other games.....

just depends what mood i'm in...

Here is a list of the top contenders for my gaming pleasure...

Falcon 4.0 -

Mechwarrior -

Mech Commander -

M-1 Tank Platoon 2 -

Sims

USAF

FA-18

Harpoon

Alice

Neverwinter Nights-

Star Trek Armada -

Rouge Spear -

Aliens/Predators -

Rebellion-

Force Commander-

and soon - Planetside

BTW -- Falcon 4.0 is only fan supported now - and the fans were given access to the source code - making the game better than it was when it was first released:

here is an example of what they did:

Can you actually play Falcon 4.0 using those airplanes? Or not?
