Subject: Re: do the nickname fixes in scripts.dll 2.2.x/SSAOW 1.4 still work?
Posted by jonwil on Wed, 21 Dec 2005 10:40:51 GMT

You dont need the bandtest.dll with the nickname fixes if you are using SSAOW 1.4 (which includes scripts.dll 2.2.2).
When I have some time, I will see just whats going on with the nickname fixes. Is this server running WOL or GSA? Windows or Linux?
