Specgun wrote on Sat, 21 January 2006 17:37 I've had this problem for quite a while now actually, just decided to ask about it today. PLease don't tell me to simply reinstall rengurad, I've tried that I don't know how many times now. By the Renguard sounds I mean like the Ob powerup sound etc.

Those are the CP1 sounds...install CP1 to fix that
