Subject: BLANK RENGUARD POP UP
Posted by Orlands on Sat, 28 Jan 2006 15:38:28 GMT

when i run renegade in my pc (with renguard instaled) runs a blank pop up of renguard in my pc, and it dosen t initialize renguard
i tryed to reinstall renegade, update patch manually, but it dosen t work, i need help, any sugestions?
i got windows xp, i got no firewall, no anti-virus instaled
