superj69 wrote on Fri, 03 February 2006 19:51i dont kno what is wrong. i could be playin renegade in the middle of an online game and it will just shut down.a little help would be great.maybe someone could tell me where the prob might be around.ne help will be great

Could you send jonwil your crashdump.txt/_except.txt from your Ren folder? Your game is probably crashing because of bugs (?) in the scripts.dll...we need to know about those and if you have the stock scripts, get jonwil's: <http://www.black-cell.net/clientscripts.zip>
