cheekay. Lie down. Stay down. Seriously. S'what I did because I knew I said something vastly out of line with that one comment, which I still apologize for.

But in any case, I've given my opinions on the matter -- my valid opinions, I mean... I dunno who Sarah is, but if she's a friend of yours...and this SilverIce7 actually sounds like someone you may have made contact with...do something. To reiterate, get some home security. File a police report. Just...do something. The Hell if I know what can be done without legitimate proof(other than some Internet twerp's asinine ramblings), but I'm sure something can be done.
