PsYQuote:By default, the "0" key lets you choose the C4 as a weapon. If you find this key too hard to reach, I suggest you remap it to something more closely to your fingers. That helped a great deal for me, since once you're used to using C4, it'll come handy to be able to get to it quickly.

Uhhh...the default is "9" :rolleyes:

i always use the roller in the middle of the mouse..its easier
