I was just banned from Renguard for bypassing it. I'm not sure if it is permanent, but I would like to apologize. I was mad at the time, and not thinking straight, and I handled my situation in the wrong way. Hacking in Renegade is obviously not the way to deal with problems, and I realize how it only creates more problems for other people, which is very inconsiderate of me. I sincerely apologize for this, and I was hoping for a chance of getting unbanned. Please consider, I'm really sorry.
