Subject: Re: Compleat lag after instaling RenGuard
Posted by Planky on Mon, 17 Apr 2006 10:14:11 GMT

fps=39(somtimes jumps upto 70ish). i still carnt see why i lag :/never used to before installing ren>_< i keep jumping back also
here is a ss of the rest.

also incase its needed my pc stats:-

cpu intel pent 3.4
ram 2gig
Video:ATI Radeon X600   256
HD 300 gig
my connection to the net is dsl,but im not sure of its speed
