lol gufu how old are you? lols

Your "tactics" are useless... maybe.. of some use

Stanks are my favourite, esp. in under map.. hehhe..

Bypassing all GDI units are the best... stealth....
then when all gdi vechs bypass ur stanks... RUSH! say goodbye to gdi.
So simple.. what for a patch? do u think u have enuf $ to keep changing char?
Normally i rush with 4 stanks and even if ur patch shoots me, i would by pass u and just rush.
