ok all i wanted is a bot to host a server BUT it looks like its impossible i do everything right edit this, do that and so on when i asked for help of the maker himself he refuses i mean c,mon oh fuck it then ill just delete it

mabey make my own 1

p.s i beg to differ how am i a idiot, well some idiot i am who makes £5.000 a month off my own buissness you should try it some time
