nice program

maybe you can tell me what i am doin wrong

i installed RG - and i get this (see image) then i figured maybe i got too much junk in ren .. so i completely uninstall it - clear my registry and then reinstall renegade

test it - get the update - play 20 seconds in a game

then i go to RG site and dl RG

install it- click on Renegade and i get the same error (see image again)
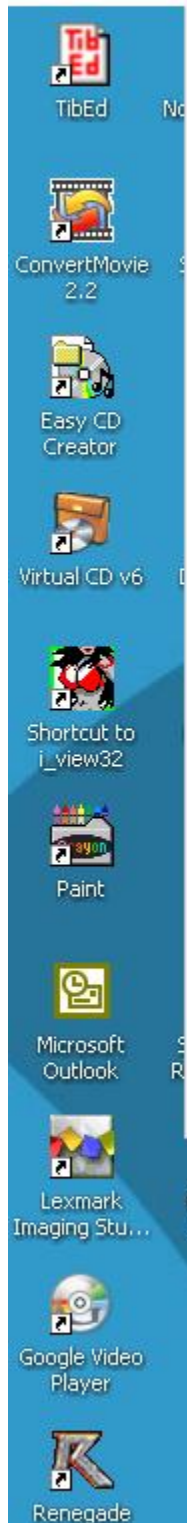

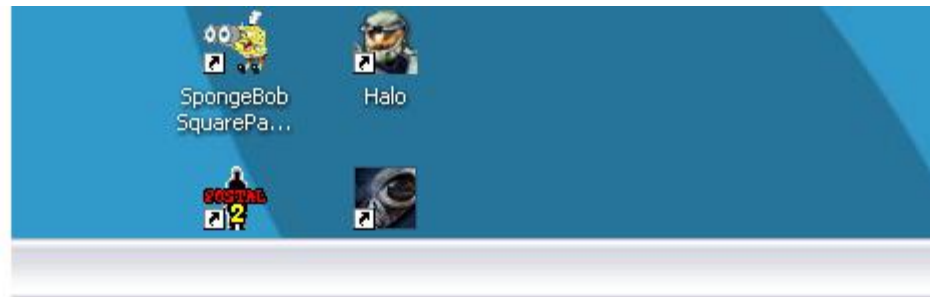

any clues gents

gny

i am runnin nortons 06 - windows firewall is disabled - and yes i double checked nortons to make sure it wasnt blockin RG
