Is it really that difficult to grasp incredibly simple concepts such as "your/you're",
"there/they're/their"?

Is it really THAT difficult to tpye those extra 5 letters so you don't look like a dumbass?

Or is it that you're just too bone-idle? Or that you enjoy being so incredibly apathetic? Maybe you just enjoy being part of an ever growing chain of trend-whore faggotory and think it's "cool" to type like a 5th grader

Please enlighten me...
