Just give me your Credit Card details and I will send you one of my original serials. For example, I can send you a serial from 2002 -with this you won't get the "CD authentication failed" problem.

Keygens are illegal and by the way, EA has given out their serial database to Strike Team. I don't think that anyone with an invalid serial can join WOL. I don't know if GaySpy is based on this DB too...
