Ma1kel wrote on Sun, 02 July 2006 15:16 Can't you just understand the fact that the higher the server is listed in the Game Listings, the more noobs there play in? Well...yeah. 'cause n00bs are lazy and don't feel like pressing the Page Down key/clicking the "Next Page" button/browsing the servers altogether. Truth be told, I just generally hop on populated servers, which generally coincides with the aforementioned "n00b Rule of Thumb". Eh.
