Goztow wrote on Wed, 19 July 2006 08:39 Considering some cheaters combine final renegade with the RG bypass, I think your statement that RG is enough proove, fails. RG is a good filter but just not enough until 1.04 makes it through.

How long is it gonna be before that comes out? i mean, most of the good players will have been harassed from the game and it won't be worth playing.
