Thumbs down to the UNRULES server, yeah, but not for the reasons stated here.

You ARE NOT banned, so there's nothing to lift.

Don't want to get Renguard? Too bad, because it looks like it's the only way you're going to be able to play there. Why you'd want to play there is beyond me.

Uncalled for? For whatever reason, you got three people suspicious with you. It could be just because you're so good at Renegade, but judging on how you handle your keyboard, I'd say not. It makes no difference who's team you're on. If your suspicious at not running RenGuard, you're going to get a !forcerg.

Anyway, your on the wrong forum. Take your bitching to the UNRULES website, but they'll probably just tell you the same thing I told you.
