For once I find myself able to say this to someone's entire post.....

AMEN!

The beauty of being a right-centrist is that you can make social decisions without the knee-jerk "LIBERALS!!1!!1!!" reaction.

As stereotypical as it may sound, I find right-centrism to be the most comforting of the political spectrum. It runs the government as a business, and rears back on the "Mommy & Daddy Gov't"-isms.
