Subject: Game.exe has encountered a problem!
Posted by Ryu on Mon, 20 Nov 2006 16:19:03 GMT

Well, When I click Renegade, RG Starts up fine, then comes up with this error.. Is there any solution what doesn't involve me re-installing RenGuard / Renegade?

(I'm running Windows XP SP2, 34bit, First time for this error.)

If not I guess i'm forced to.. Also could anyone tell me what the problem is? Just so I don't do it next time.
