Alex wrote on Wed, 29 November 2006 22:23 Yea, It's a pain in the ass when your in a small place clicking everything to find them :-s, Then you finally find out they spawn right behind the camera, LOL.

I wish there was some fix to make them a color, and then in-game they went back into invisible mode.

This is what I do, spawn a daves arrow then spawn a pt screen, the pt should be on top of the daves arrow.
