In my opinion, it is not. Most of the time it is like this GLA>CHINA>USA>GLA

USA Examples:

Pathfinder/Ranger>(stealth)Rebel, stinger site,

Tomahawk>Buggy, Technical

China Examples:

Gattling Tank/Gattlink tower>All USA air units

MIG>pretty much any thing that USA has

GLA Examples:

Anthrax(shells)> Any chinese infantry

BombTruck can can easily get past all china defences(except for mines)

I can't think of any more examples because I have not played the game in some time, but it is basically like rock/paper/scissors
