spiderloser wrote on Wed, 06 December 2006 09:08hi all im having rg problems when i install rg everything works untill rg installs

RenGuardPatcherv1.2 and thats when it fu**s up then renegade just says this game2 the application faild to initalize properly (0xc0000005) and thats it renegade wont run rg wont run nothing and even when i take out rg renegade it self fu**s up and i have to renstall renegade everytime can any one help plz.

ps here is a pic of what happens

Nice hijack. Try manually installing CP2:
