trooprm02 wrote on Fri, 22 December 2006 19:01: fI00d3d, no offence but your so called "community" is dead to begin with. No active clans (except a 4 man clan called R\*R total n00bs, we 0wN3d them in a cw), no active people (except like 5 people on the forums). 07 is gone anyway cuz he now has a full time job, (he won't be playing in jelly no more either), 18 is here to stay so I have no idea where you got from AND, after you brought up the argument "u have 4 members", I showed you WAY more than that over msn, and have plenty SS of them in YOUR TS server. OR, like i have said 5 million times, add trooprm1-18 to your wol buddies list, and if anyone wanted a 18vs18, I WOULD BE ABLE to arrange that

OK, hold on...prepare yourself for a lot of absolutes:

The ONLY people to EVER even register on the forums OR teamspeak (simply register, they didn't even necessarily post or come back a second time) are:

--trooprm01  
--trooprm02  
--trooprm07  
--trooprm14  
--trooprm18

There have been many others that have joined teamspeak with trooprm names, but they've either (a) never once registered with teamspeak or the forums -or- (b) never returned a 2nd time. Plus the people listed above are the only people I have ever played with and verified as an actual member. That little fact aside, 01 just came back. 07 quit. 14 was kicked out for mod abuse (and I am suspect of him cheating in your server). And 18 pays for your server but refuses to any longer and intended to quit, but you kicked him out the day before he quit. So that leaves you with 2 active members and how many others that wear the tag but NEVER participate with the clan? It's just sad. Not to mention all of the bullshit that comes out of your mouth on these forums.

As for saying my community is dead you're straight up retarded if you don't look at the statistics. You can see by page visits, file transfers, new registrations, etc. that within the last 6 months we've seen tremendous growth. We've had a couple \*hundred\* BRAND NEW registrations on the forums just in the last 5 weeks or so. Don't try to turn my decision to remove you from the community on me. You'll just make yourself look like a fool.

One last final comment to you in response to your "you don't have active clans" argument: this community does NOT center its gravity on clans. I refuse to allow that. That is one of the key components of my unique design for Tsunami Gaming. Clans can request to be a part of our community - but we are a true community centered on ethical gaming - and not just a huge clan that plays many different games. VERY big difference, there.
