CarrierII wrote on Thu, 28 December 2006 12:17Try not using windowed mode, put postprocess.sdb (I think...) into your data folder... what's your graphics card?

Uhh, ATI Radeon 256 MB 9550

I will try to run in full screen mode, but my computer is notorious for sacrificing FPS for higher quality.

Postproccess.sdb and shaders.sdb are already in my Data folder.
