very expressed extrovert

moderately expressed intuitive personality

slightly expressed thinking personality

slightly expressed judging personality

Bear in mind that if you form a cross, as in up, down, left, right.

We should aim to be close to the middle of the axis as opposed to out on one side. The "normal,balanced person" would demonstrate a diamond shape, with sides of equal length, if the four points were connected as opposed to a quadrilateral.

I cant help it though, im extroverted lol.
