Why were a series of threads closed because

"I am locking all Spoony/Crimson ReneDrama-related threads. If you wish to discuss anticheat solutions and whatever else we talked about in this thread, please start a new thread. (Or if someone has already started one, reply to it.)"

Just because someone states their opinion doesn't give you the right to close their threads. I don't care what the topic is about. Enough of the power trips.

Crimson, there are a lot of people that are upset about a few things in this community. You can't just keep closing their threads because they don't agree with you.

Starting to sound like Seth and Nicoomba here: "...his views do not coincide with ours, and that makes him dangerous. Silence him."
