This will Just Give infomation on game output. EG "roshambo killed someone"

3) [3.png](#), downloaded 1861 times

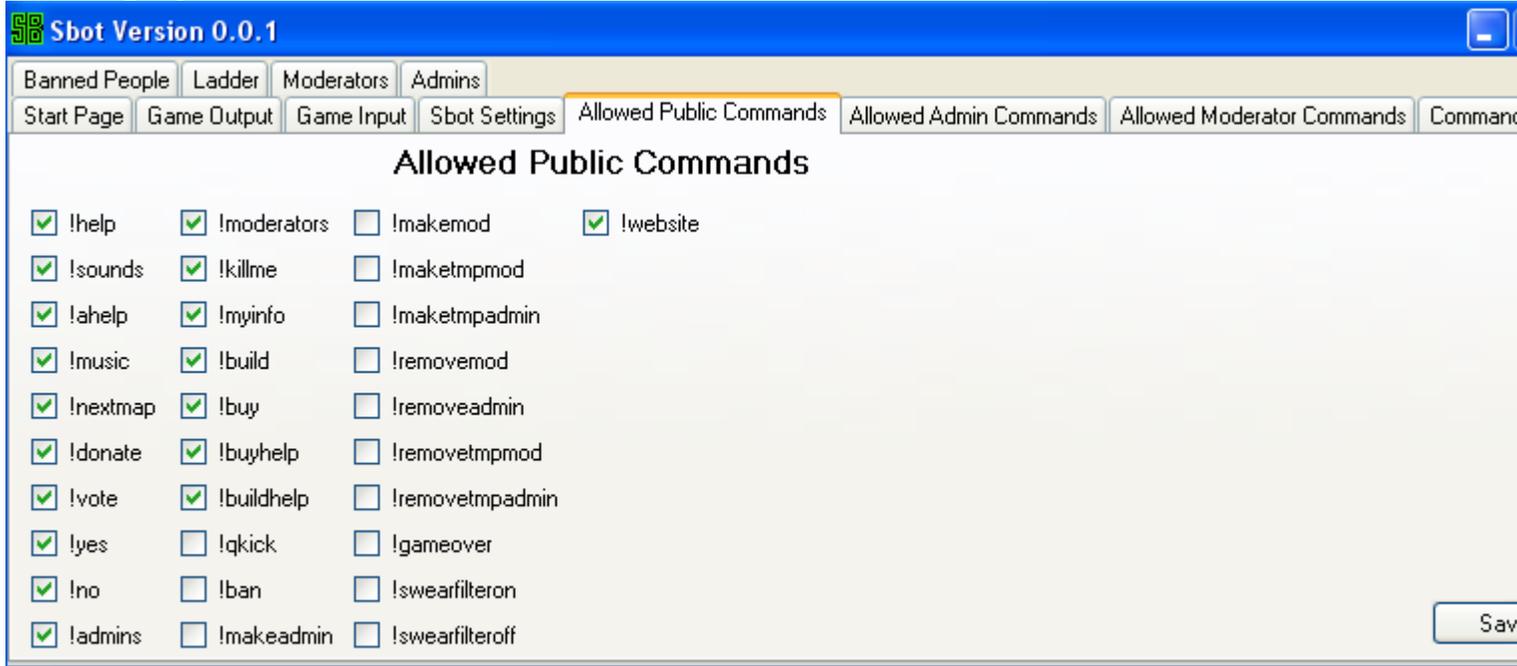

Game input allows you to interact with the game, here you will be able to bring building back to life. give plays point, money et you can take points, money. Spawn vehicals, more or less anything thats possible with the serverside engine.

4) [4.png](#), downloaded 1877 times

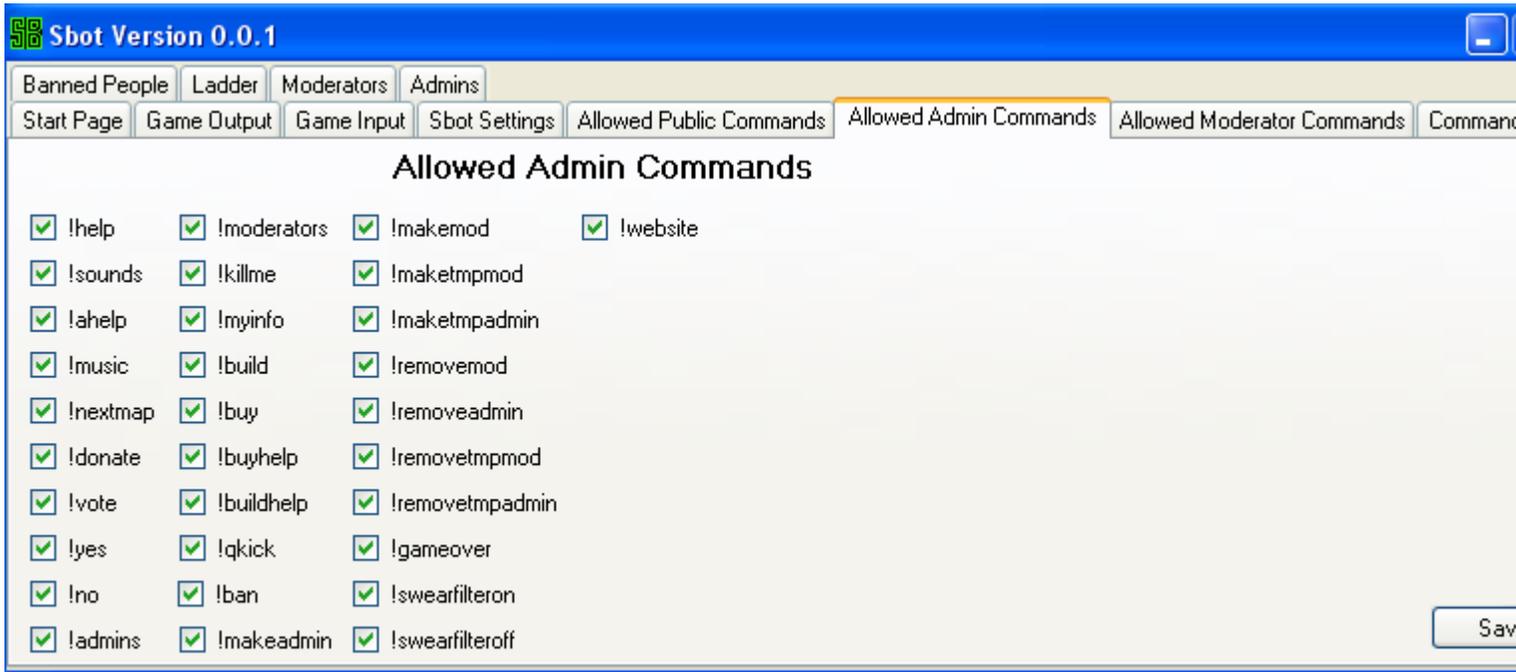

These are the only setting that need to be set in order for the Sbot to be run.

5) [5.png](#), downloaded 1858 times

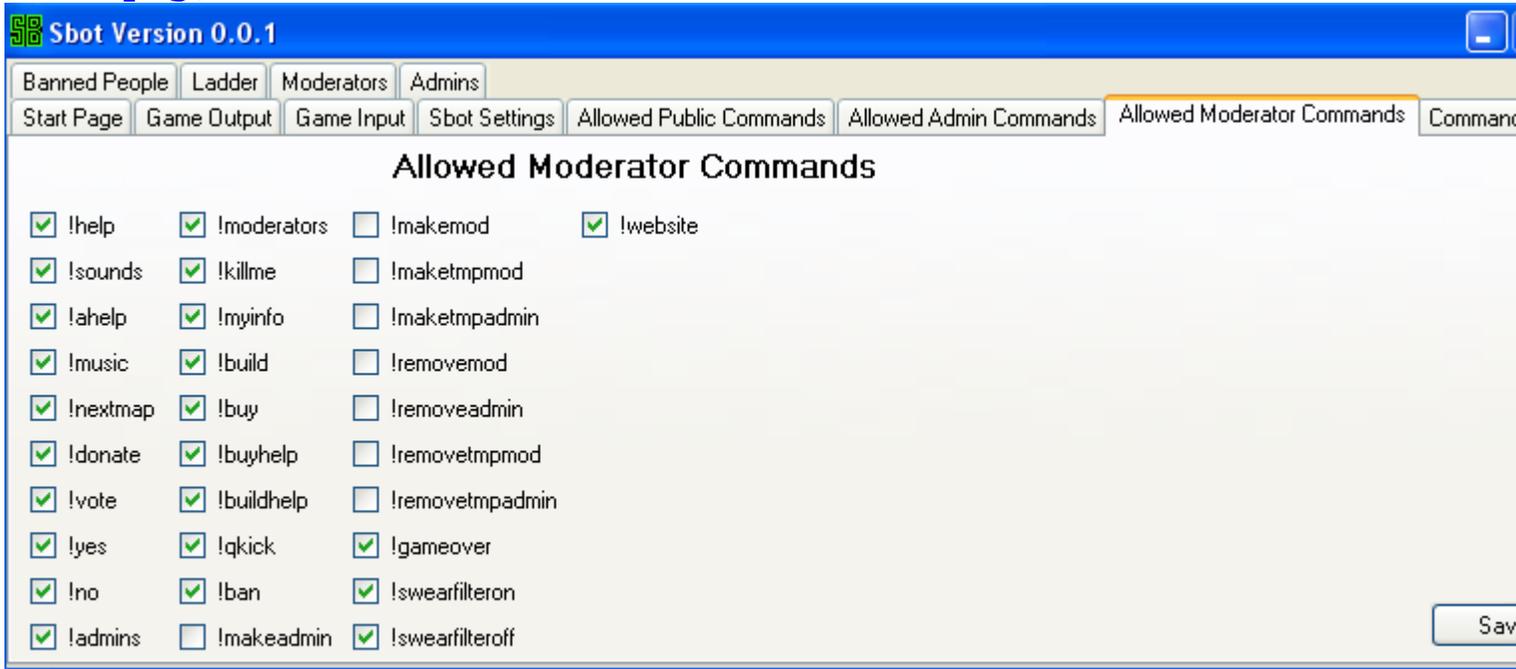

These are the commands that the public are allowed to use.

6) [6.png](#), downloaded 1848 times

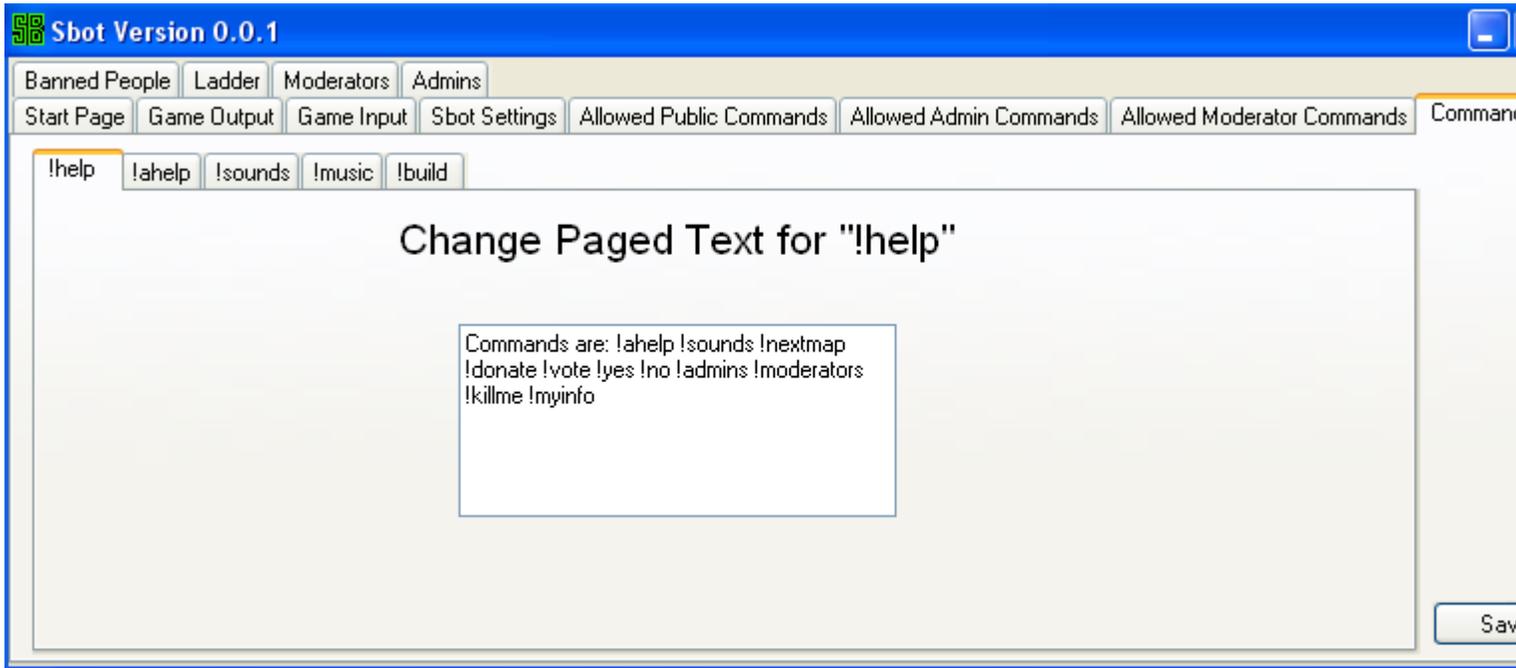

These are the Commands that only admins can use.

7) [7.png](#), downloaded 1861 times

These are the commands that only moderators can use.

8) [8.png](#), downloaded 1851 times

Here is where you can change the different options for each command. not all commands are done yet, not all commands will be the same

9) [9.png](#), downloaded 1858 times

This is where you manage and update your banlist

10) [10.png](#), downloaded 1867 times

## Ladder

Order by?

Kills

Score

Overall K.D

Buildings Destroyed

Recomendations

Kill rate

1. TestPerson (100 Kills)

This is where you manage and update your servers private ladder
