lol, that wasn't his point. The point was why would you do that in a 1v1? It restricts your movement and any map you'd vehicle wall jump on would be a map you'd want to be fighting it out head to head in the middle, on.

Anyway, YES I will host and observe any of these matches upon demand. trooprm02 knows I don't cheat and that I host quality servers - so there shouldn't be any complaints there.
