You can't attach it to the spawner, it well not work, you must attach it to the infantry preset.

Chop wrote on Wed, 31 January 2007 01:58Look for this script M00_Premanent_No_Falling_Damage_IML That will stop u from dieing put it on all the char's or bot's if u dont want them to die when they land.

Do this only if you don't want the infantry to die.
