BlazerTerrific! Thanks Dante for all that you do :bigups:

Yes, i also must have to say a HUGE thankyou to Dante, if it wasn't for him and his ideas, hardwork and stamina, Renegade modders would not be able to do what they do today.

This is not just for Dante, but for everyone who has submitted something to the community, wether it be small, or be large, every little bit has helped.

I love you guys
