Madtoneim just asking because im having issues with a viewing other machines on my network, but when i boot into Windows 2000 Advanced Server i can see the win 2K3 machine but it can't see me?

But then when i use Windows 2000 CE i can't see the Win 2K3 machine, but the windows 2K3 machine can see me???

Anyone else here who has it have issues like it?

What do you mean by "see"? You mean in "My network Places"? By ping? Sharing?
