YO! I beat it finally! I played as the Temple of Snakes.

WOW, that was hard!

In the first misisons in the island, I just mass-produced infantry and rushed the base.

But it did not work later so I figured I have to build SAM sites and Ground defense missiles and a Financial Center. I did that for most of the later levels. I built up cash and enjoyed the kills.

All this time, the enemy was bombing my base with bombers. Took me about 2 hours, lol!

I like the House of Snakes cuz they are kinda like Nod! I don't even want to play as the New Hope Alliance...they remind me of scum GDI.

Well, Terminator, THANKS A LOT for pointing me to it! I appreciate it! This game really pwns C&C3! This is indeed one of the best flash strategy games ever. lol!

The attachment shows the average "Temple soldier." lol!
