me and a friend of mine just noticed that there is some sick kind of censorship in cnc3:tw. (at least german version / kane edition)
youre not allowed to give names as your profile name like "hitler", "adolf", "osama", "binladen" and so on! even 'leet'-versions of those names ("h1tler","hitl3r","ad0lf"...) are forbidden (guess its pattern matching stuff?!).

i dont want to say that i like hitler/osama nor i wanna play "as" them. i just hate this kind of censorship and i dont want to get patronised that way!

so thats why i posted it in "politics/hot issues". im very interested in _your_ opinion!
