zunnie wrote on Sun, 06 May 2007 08:38Also, M03_Goto_Star can be used, then the GDI bot will attack

both Nod and GDI players..

This script would work well if you attach it to an engineer for example. They will "attack" players on the same team and thus repair them

lol @ that. I remember that in MP's CoOp Beta mod. (And their server as well)
