Why the hell are we still in that shithole of a country? If shit like this is the norm, then how can we hope to turn things around?

Talk about "freeing the Iraqi people." What a crock. Just look at the freedom that girl enjoyed; she died for it. Tribal law still holds precedence over federal law in Iraq, especially with their FAILURE of a police and military force to enforce the law. The police and military are infiltrated with terrorists who steal weapons and uniforms and form the "death squads" you surely have heard about.

These people are overwhelmingly barbaric and uncivilized. There are literally hundreds of sectarian attacks each day and things are only getting worse, especially with Iran and al-Qaeda exacerbating the situation. The problem is doomed to keep spinning out of control because these people are obligated to engage in "revenge killings" if one of their own friends or family members is killed.
