Just something that was posted over at n00bstories:

http://www.n00bstories.com/n00bfile_view.php?id=6874

Apparently some NCSoft games are causing a conflict with Renguard, which makes crash.

Can anyone at BHS confirm/deny/explain? This is amusing to say the least (not in a bad way, but in something that was unpredictable)

One thing to add: I have City of Villains installed, and have never had this problem.
