if you guys can help me out with these problems
1)set vehicle limit to 1
2)allow only one sbh
3)recon on gdi (it explodes soon as comes out of wf but not air)
4)disable refills and repairs on infitry and vechs
5)if possible you when kill somone they make a huge nuke or ion explosion i cant seem to get that
to work

if you guys can help me with these main problems i will be internally great full
