if thats the thing where can be used as wall and u cant go thru then TY!!!!!!!!!!!!!!!!!!!!!!!!!!!

ok now i got another error where or how can i add
1)turrents
2)guard towers
3)and ceiling guns

i tryed adding a turrent but since i did it it made my serv crashed while the rest of all my mods
worked as soon as i add it my serv crashed loading the map

PS is that a gangster "S" in the pic above or the slipknot "S"
