Ok stopped by to see whats new with the Renguard progress.

I see the 'Song Remains the Same'

other than this forum is full of problems.. hmm.

I personally had to stop using the program due to the premature ejections

I have a few burning questions for the BHS staff

Why?

Why is this forum full of problems?

Why have you guy's not reverted back to a working version?

Why is the light on and nobody home?

Why is it if you ignore all these posts the problem will fix itself?

Why do you NOT feel these peoples pain?

Big Red truck....

if there is no wall for writing then there can't be a writing on the wall.

I'll shut up now.

Last post on this issue.

Enough of the sympathy.

Wake up over there and smell the shit you handed out!
