AAAAH. There were two files "dam-tastic2.mix" and "C&C_dam-tastic2.mix"

Delete both and replace with the new one I just uploaded and it should be fine.

(I know its always the same link, its just easier to paste it again)

EDIT: I have 10mb internet so hosting wont be a problem and maybe around 6pm? If not tonight then soon. I'm located in USA North Carolina - Eastern Standard Time.
