Subject: TFD users: help needed
Posted by Goztow on Sun, 01 Jul 2007 09:42:00 GMT

I need a the first decade user with problems with Renguard to try this. I'd do it myself but I don't have TFD.

1. Install Renegade TFD
2. Install http://xhp.xwis.net/utilities/XCC_TFD_Shortcut_Installer.exe
3. Install Renguard

If it works fine then, let me know and it'll go in the RG FAQ.
