danpaul88 wrote on Tue, 10 July 2007 11:15As far as I know the fact the crash occurred within game2.exe and not any of the .dll files indicates its NOT a problem with scripts.dll. Is this a regular crash you are having, or just a one off random renecrash that we all get now and again?
The last one but I'm getting them quite regulary lately (more often than before).
