07:58 tbh, i don't think there needs to be a new moderator because lets face it.. not much moderating goes on here.

That's why if Crimson picked me (which I'm going to guess didn't happen), there would be a bit more moderating.

If you read my reply a bit back, you could've seen that Crimson is cool with the current level of moderation, and prefers to keep it this way.

Which is why I wouldn't be chosen for the job. I'm well aware of what Crimson's views for moderation are.

If someone becomes a moderator for this board, he'll have to enforce the rules as the admins interpret them. They don't choose you so you can go decide how you moderate =/.
