So I took Sn1per71, which I later lost the password for. Then I made a new one as Sn1per74- which is now my screen name for every game.

On a side note- I think I have Sn1per71-79 registered on Renegade XD.

There is no user "Sn1per7" or "Sn1per71" in the database
There's gotta be a Sn1per71 cuz I use it to host my server.
