Maybe old news, but found out that a other DG mod also cheated, on our server -->
bob was Banned by CloudyServ for: Nod Flame Tank destroyed thanks to limewire3 (GDI Minigunner/Pistol) - Destroy damage: 694.544617. (IP associated with limewire3).

Ban -> limewire3 -> Nod Flame Tank destroyed thanks to limewire3 (GDI Minigunner/Pistol) - Destroy damage: 694.544617.

Limewire3 = mod at DG server.

This is a ban of 2006 btw (November).
